EXPERIENCE

Sales Assistant

Wineflair

📅 May 2018 – June 2019 📍 Coalisland

- Provided exceptional customer service, stocked shelves, and managed inventory in diverse Wineflair locations.
- Maintained store cleanliness and executed opening and closing procedures meticulously.

Assistant Manager

Wineflair

📅 April 2019 – April 2023 📍 Portadown

- Led customer service initiatives, managing multiple Wineflair stores across 10 locations.
- Oversaw cash operations, investigated shortages, and handled paperwork and accounts.
- Implemented inventory control measures to optimise stock levels.

Software Engineering Intern

TrailStone

📅 April 2023 – August 2023 📍 Sligo

- Spearheaded the rewrite of a legacy UI tool for traders, enhancing market data visualization.
- Contributed to the backend using Python with FastAPI.
- Transformed a C# application into a responsive React web app.
- Overcame challenging tasks, ensuring project functionality.
- Implemented a crucial feature, resulting in a successful project demo at the internship's end.

Assistant Manager

Wineflair

📅 September 2023 – Present 📍 Various Locations

- Rejoined Wineflair as Assistant Manager, overseeing operations in several stores during this period.
- Demonstrated leadership in staff management, customer service, and operational efficiency.

- The Modern Python 3 Bootcamp (Udemy, 29.5 hours)
- Introduction to Computer Science and Programming Using Python (EDX, MITx Certificate, 9 weeks)
- Kainos x Open University: Code Connect Experiential Learning Event (15–16 January 2025)

SKILLS

Python java C++ SQL Docker
Cisco javascript C# UWP
typescript mysql git

EDUCATION

BSc (Hons) Computing and IT

The Open University

📅 Jan 2020 – 2026

Expected classification: **Upper Second Class Honours (2:1)**

Stage 1

TM111: Introduction to Computing and IT 1
TM112: Introduction to Computing and IT 2
TM129: Technologies in Practice
MU123: Discovering Mathematics

Stage 2

TT284: Web Technologies
M250: Object-Oriented Java Programming
M269: Algorithms, Data Structures and Computational
TM254: Managing IT

Stage 3

TM352: Web, Mobile and Cloud Technologies
TM351: Data Management and Analysis
TM354: Software Engineering
TM470: The Computing and IT Project

level 4 Certificate Computing and IT

Open Uni

📅 2021 📍

Software Development

South West college

📅 April 2005 – March 2007
